

# Agenda

URCforSR Annual Workshop  
on 29 September 2017 in Freiburg, Germany

9.15 – 9.45 Registration & Coffee
9.45 – 10.30 Welcome & Introductory Words <i>The cluster management will welcome all participants and Prof. Paul Burger, University of Basel, will present an internal as well as Klaus Markus Hofmann, Network Institute, an external view regarding the (future) development of the cluster.</i>
10.30 – 12.00 Working Group Presentations <i>All working groups are invited to present the state-of-the-art of their work, reached milestones, barriers and next steps (5min each).</i>
12.00 – 13.30 Marketplace & Lunch <i>To facilitate the exchange between the working groups and other actors, the work of the different groups is displayed via a poster. We will arrange the poster session in the courtyard and combine it with a buffet lunch.</i>
13.30 – 15.00 (Parallel Sessions) I) Financing Booster <i>Janosch Nieden, Eucor - The European Campus, will give some information regarding Seed Money and Interreg opportunities; Dr. Bjoern Goldammer, University of Freiburg, will introduce the audience into general support services and binational financing opportunities; Dr. Georgia Wessels, University of Freiburg, will inform about easy Horizon 2020 access points. We will collect and discuss all inquiries formulated by the researchers and try to find some solutions.</i> II) North America Round Table <i>The Eucor topic "Sustainability" will be highly relevant to their marketing activities 2018 in the USA and Canada. The Eucor North America Liaison Office, New York, will present the cornerstones of outreach options and explain in detail well proven formats how to communicate and collaborate within a transatlantic dialogue. The workshop will discuss and reflect an agenda for 2018 onwards and is lead by Dr. Markus Lemmens, University of Freiburg &amp; Eucor - The European Campus.</i> III) Time for synergies and new contacts <i>It's never too late to start networking with other researchers, bring different ideas together, and find ways for promising cooperations. Feel free to use this slot for exchange and development!</i>
15.00 - 15.30 Coffee Break
15.30 – 16.30 Transfer Activities & Innovation Forum <i>The enablers will present and announce the 2017/18 transfer activities, which are the basis for the clusters knowledge transfer and a cornerstone for the further development of the cluster. The organizers of the sustainability conference 2018 will also present the ideas for the innovation forum.</i>
16.30 – 16.45 Wrap-Up & Final Remarks
